

The Jewish Genealogical Society of Montreal

Invites you to be a part of the team

at Israel Day at the Cavendish Mall

Sunday, 6th March, 10 am to 4:30 pm

Once again, the Jewish Genealogical Society of Montreal will have a large booth at Israel Day, at the Cavendish Mall, Côte St Luc.

Your Executive Committee has completed the advance planning; now we invite you to join your fellow members in reaching out to Montreal's large Jewish community.

We have an excellent high traffic location (in front of Radio Shack). We will be helping visitors find answers to their questions; computers connected to the Internet and with the the JGS of Montreal database of the Jewish vital records of Quebec will be available. We also will have a selection of genealogical books and other materials.

Your role will be to make people feel welcome, show them the books and other materials, give them handouts and, when needed, guide them to experts in the areas in which they are interested.

We need you to share in the joy

of helping your fellow Montrealers

Contact Stanley Diamond (484-0100 or SMSDiamond@aol.com), or Merle Kastner (735-4739 or merlek@videotron.ca). Please let us know which two-hour (or longer) period during the day you will be able to take part in this important outreach to Montreal Jewry.
